Munro Concentrated Global Growth Fund

ARSN 630 173 189 APIR GSF9808AU ABN 22 569 402 276

Issued by GSFM Responsible Entity Services Limited (Responsible Entity)

ABN 48 129 256 104 AFSL 321517

Important Information

This PDS is prepared in accordance with the shorter PDS regime and is issued by GSFM Responsible Entity Services Limited (ABN 48 129 256 104, AFSL 321517) and is a summary of significant information relating to the Class A units, being an unlisted class of units in the registered managed investment scheme Munro Concentrated Global Growth Fund ARSN 630 173 189 (**Fund**). Information in this document relates to the Class A units only and references in this PDS to 'units' refer to Class A units. All rights and entitlements, obligations, liabilities and other amounts referable to the Fund. No other fund, trust or class of units is offered in this PDS. **This PDS contains a number of references to important information which is contained in the Additional Information Guide. This information forms part of the PDS and you should read the PDS together with the Additional Information Guide before making a decision about the Fund. You may request a copy of the PDS together with the Additional Information Guide at any time from Client Services or at gsfm.com.au.**

Information provided in this PDS and the Additional Information Guide is general information only and does not take account of your personal financial situation or needs. Before acting on any information in this PDS or the Additional Information Guide, you should consider the appropriateness of the information having regard to your personal objectives, financial situation and needs. You should obtain financial advice tailored to your personal circumstances.

Updated information: the information in this PDS is up to date at the time of preparation. However, some information may change from time to time. Where a change is materially adverse, a replacement PDS will be issued. Where a change is not materially adverse, the updated information will be published at gsfm.com.au. Please ensure you have the most up-to-date information by visiting this website regularly. You may also request a copy of the PDS, the Additional Information Guide or any updated information at any time by calling Client Services. The offer in this PDS is available only to persons receiving this PDS (electronically or otherwise) in Australia and New Zealand and does not constitute an offer or recommendation in any jurisdiction, or to any person to whom it would be unlawful to make such an offer. New Zealand investors should read the important information for New Zealand investors in Section 9 **Other information** of the Additional Information Guide. All references to dollar amounts are in Australian dollars (AUD), unless otherwise stated.

1 ABOUT GSFM RESPONSIBLE ENTITY SERVICES LIMITED

The Responsible Entity

GSFM Responsible Entity Services Limited (**GRES, Responsible Entity, we, us, our**) is the Responsible Entity for the Munro Concentrated Global Growth Fund (**Fund**).

The responsibilities and obligations of the Fund's Responsible Entity are governed by the constitution of the Fund (**Constitution**), the *Corporations Act 2001* (Cth) (**Corporations Act**) and general trust law.

As Responsible Entity, GRES issues units in the Fund and is legally responsible to the unit holders of the Fund for its operation.

The Investment Manager

The Responsible Entity has appointed Munro Partners (**Munro or Investment Manager**) as the Investment Manager of the Fund. Munro is an authorised representative (number 1244894) of Munro Asset Management Limited ABN 28 163 522 254, AFSL 480509.

Munro is an Investment Manager whose core focus is global growth equities. Munro aims to identify both the sustainable growth trends that are under appreciated and mispriced by the market, and the resulting winning stocks.

Munro seeks to maximise long-term capital appreciation primarily through exposure to a concentrated portfolio of growth oriented equities issued by companies located anywhere in the world.

You should read the important information about the **Investment Manager** before making a decision. Go to Section 1 **About GSFM Responsible Entity Services Limited** of the Additional Information Guide. For information about Munro and its team go to munropartners.com.au. The material relating to the Investment Manager may change between the time you read this Statement and the day when you acquire the product.

2 HOW THE FUND WORKS

About the Fund

The Fund is a registered managed investment scheme that is an unlisted Australian unit trust governed by the Constitution together with the Corporations Act and other laws. Each investor's investment amount is pooled and invested in the manner described in Section 5 **How we invest your money**. Investors do not have day-to-day control over the operation of the Fund.

Units and unit prices

Investors in the Fund are allocated Class A units which represent their beneficial interest in the assets of the Fund, but do not give an investor an interest in any particular asset of the Fund. We may, at our discretion, issue additional classes of units in the Fund with different terms and conditions to those applicable to the Class A units.

The Net Asset Value unit price for Class A units is calculated each business day (a day that is not a Saturday, Sunday, bank holiday or public holiday in New South Wales, Australia or such other day as determined by the Responsible Entity) by the Responsible Entity by taking the total market value of all of the assets attributable to the Class A units on that day, less any attributable liabilities (excluding redemption liabilities but including management fees payable in respect of the Class A units) (**NAV**) and then dividing this by the total number of Class A units held by all investors in the Fund on that day. The entry and exit unit prices are determined by adjusting the NAV per unit by the buy and sell spreads (respectively).

When you make an investment in the Fund, you will be allocated units based on the entry price. When you withdraw from the Fund, we redeem your units based on the exit price. The rights, entitlements and any applicable calculations of the Class A units will be determined in accordance with the terms of the Class A units and may be different to the rights, entitlements and applicable calculations of other classes of units in the Fund.

For more information on the buy/sell spreads see the **Additional explanation of fees and costs** in the Additional Information Guide.

Unit prices will vary as the market value of the Fund's assets rise or fall. Unit prices are generally calculated each business day. Unit prices will be available at gsfm.com.au or by contacting Client Services.

Investing directly

The minimum initial investment in the Fund is \$10,000. We may waive this minimum requirement at our discretion and in certain circumstances may reject an application. Please refer to Section 8 on **How to apply**.

You may add to your investment at any time. The minimum additional investment is \$5,000.

Withdrawing

You may redeem some or all of your units by either mailing or emailing a completed Withdrawal Form, which can be downloaded from our website, or send us your written instructions. The minimum withdrawal amount is \$5,000 or your investment balance if it is less than \$5,000. Requests to withdraw must be signed by the appropriate authorised signatories.

Withdrawals will be paid to your nominated Australian **Bank Account** (being an account with an Australian Authorised Deposit Taking Institution, which includes a building society and credit union) usually within five business days. However, the Fund's Constitution allows us up to 21 days to pay withdrawal requests in certain circumstances.

There may be circumstances, such as a freeze on withdrawals or if the Fund becomes illiquid (as defined in the Corporations Act), where your ability to withdraw your investment from the Fund is restricted and you may not be able to withdraw some or all of your investment within the usual period on request.

Processing

The cut-off time each business day for receiving an application or withdrawal request is 2pm (AEST/AEDT). If we receive your application or withdrawal request by 2pm (AEST/AEDT) we will process the transaction using that day's unit price. Requests received on or after the cut-off time or on a non-business day will generally be effective the next business day.

If we receive an invalid or incomplete application or withdrawal request, the transaction request will be processed using the unit price applying on the business day we receive the correct documentation. The cut-off time of 2pm (AEST/AEDT) still applies.

Indirect investors

We authorise the use of this PDS for investors who wish to access the Fund indirectly through an Investor Directed Portfolio Service (**IDPS**), IDPS like scheme or a nominee or custody service (collectively referred to as 'master trust or wrap accounts').

If you invest in the Fund through an IDPS, you should note that some information in this PDS may be relevant only for direct investors. This includes information relating to cut-off times for investing, processing times, and the time frame for payment of distributions as well as Fund reporting and investor notices.

Distributions

The Fund aims to pay any distributions annually following the end of June each year. The Fund's unit price will generally fall after each distribution to reflect the distributions. The distribution amount will vary between distribution periods and is not guaranteed. There may be circumstances when a distribution is not made by the Fund and circumstances when a special distribution is made outside of the usual distribution periods.

The distributions you receive are generally assessable income and can be made up of income and capital gains generated by the Fund. We calculate the distribution based on the Fund's net income at the distribution date divided by the number of units on issue. The amount you receive for each distribution will depend on the number of units you hold in the Fund at the end of the distribution period.

You can choose to have your distributions:

- automatically re-invested. There is no buy/sell spread on distributions that are reinvested. The additional units will be issued using the unit price applicable immediately after the distribution; or
- you may have your distribution directly credited to your nominated Australian Bank Account.

Distributions are re-invested unless you instruct us otherwise on the Application Form.

You should read the important information about **How the Fund works** before making a decision. Go to Section 2 **How the Fund works** of the Additional Information Guide. The material relating to How the Fund works may change between the time you read this Statement and the day when you acquire the product.

3 BENEFITS OF INVESTING IN THE FUND

The Fund offers investors the opportunity to invest in an actively managed portfolio of listed equities, located anywhere in the world, except Australia. The investment strategy is designed to identify sustainable growth trends, and the resulting winning stocks. Sustainable growth trends means durable, long-term structural changes that result in growth investment opportunities ('Areas of Interest' or 'AOI').

Munro utilises its four step proprietary investment process to generate a focused investment universe and filters these ideas into a concentrated portfolio of investments. Munro's investment process is detailed in the Additional Information Guide in Section 1 **About GSFM Responsible Entity Services Limited**.

The Fund generally invests in listed global equities, cash and cash equivalent instruments. There are minimal regional, market capitalisation and sector constraints, and no allocation limits in respect of the location, class or currency of assets.

Significant benefits

Benefits of investing in the Fund include:

Access to investment opportunities - With thousands of global listed companies, many are misunderstood or overlooked by investors, Munro, via its investment management team and investment process, aims to seek out and invest in some of the most innovative and fastest growing companies in the world today.

Access to an experienced investment management team: Munro's investment management team has a proven track record in running global growth equity mandates since 2005, with a time-tested investment process which aims to deliver attractive long-term returns. Munro runs a partnership structure to ensure long-term alignment of its staff.

Risk management - Munro deploys a proven risk management system with stop losses and reviews. Munro carefully reviews the Fund's positioning size and diversification.

4 RISKS OF MANAGED INVESTMENT SCHEMES

All investments carry risk. Different investment strategies may carry different levels of risk, depending on the assets that make up the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk.

Risk can be managed but it cannot be completely eliminated. While Munro's disciplined investment approach aims to generate meaningful returns over the long term it is important that you carefully consider the risks of investing in the Fund to understand that:

- the value of your investment will vary;
- the level of returns will vary and future returns may be different from past returns;
- returns are not guaranteed and you may lose some of your money; and
- laws affecting managed investment schemes may change.

WARNING: The appropriate level of risk for you will depend on a range of factors including your investment goals, your age, your investment time frame, where other parts of your wealth are invested and your level of risk tolerance.

The significant risks for the Fund include, but are not limited to:

Company specific risk - The value of the investment in a company may vary because of change to management, changes to its financial or operating circumstances, actions of regulators or competitors or changes in the market environment the company operates in. These factors may cause a company's share price to perform differently to that of the broader market. The Fund may therefore underperform the market and/or its peers due to its company specific exposures. The Investment Manager aims to reduce these risks by conducting thorough analysis and research of the Fund's investments.

Concentration risk - The Fund holds a concentrated portfolio of 20-40 securities which may result in the Fund's returns being dependent on the returns of individual companies. This has the potential to increase the gains or losses and volatility of returns for investors. It may also result in the Fund's returns differing significantly from those of its Benchmark.

Currency risk - The Fund predominantly invests in international equities and the assets of the Fund are denominated in a variety of foreign currencies; the exchange rates of those currencies compared to each other and the Australian dollar may change over time. Any changes to exchange rates will affect the Fund when its assets are valued in Australian dollars. For example, a change in the value of the Australian dollar relative to other currencies may negatively impact the value of an investment in the Fund. No management of the foreign currency exposure relative to the Australian

dollar is undertaken for the Fund.

Cyber security risk - This is the risk that the information technology systems used by us and our service providers when managing and operating the Fund may expose the Fund to potential cyber security breaches including but not limited to unauthorised access to and/or erroneous use of proprietary information, unit holder's personal information or Fund data.

Fund risk - Risks particular to the Fund include the risk that it could be terminated, the fees and expenses could change, GRES could be replaced as Responsible Entity, Munro could be replaced as Investment Manager and/or its portfolio managers could change. There is also a risk that investing in the Fund may give different results from holding the underlying assets because of income or capital gains accrued in the Fund at the time of investing and the consequences of investment and withdrawal by other investors. You could receive back less than you invested and there is no guarantee that you will receive any income.

Investment in the Fund is governed by the terms of the Fund's Constitution and these terms may be changed by a special resolution passed by investors (i.e. passed by 75% of the investors who vote in person or by proxy). This means that the terms and conditions may change, even though you may vote against any changes.

GRES aims to keep Fund risk to a minimum by monitoring how the various risks may impact on the Fund and by acting in the unit holders' best interests as a whole.

Interest rate risk - Changes in interest rates can have a positive or negative impact directly or indirectly on investment values or returns.

International investments risk - Investing in international securities poses additional risks. The performance of international securities can be adversely affected by the different political, regulatory and economic environments in countries where the Fund invests, and fluctuations in foreign currency exchange rates may also adversely affect the value of foreign securities. In addition, the Fund may invest in securities in emerging markets which are typically more volatile than developed markets. Potentially adverse political, economic, legal and tax, or social conditions in those markets may affect the Fund's investment returns.

Investment Manager risk - The success of the Fund depends on the competency of the Investment Manager and its ability to identify investment opportunities which achieve the Fund's objective. Like any fund, this is dependent on the skills of the Investment Manager's personnel, quantitative analysis and research activities undertaken by the Investment Manager and on historical relationships between stocks acting in a manner which is consistent with the Investment Manager's analysis, over time.

If the Investment Manager does not exercise an adequate level of skill, including in the interpretation of the data, the investment process is flawed or inaccurate or any of the historical relationships on which the strategy is based break down, then this may cause losses to the Fund.

Key person risk - The loss of key personnel from the Investment Manager of the Fund may adversely affect the Fund's performance. Munro's partnership structure is designed to retain key personnel through all partners having ownership in the business.

Liquidity risk - Liquidity risk is the risk that:

- it may be difficult to realise within a reasonable time-frame the full value of particular securities in which the Fund is invested because of market conditions or liquidity issues with respect to the specific securities; or
- the Fund itself may become illiquid. This could have a detrimental effect on the value of the investments, or may impact an investor's ability to withdraw from the Fund.

We closely monitor cash levels in the Fund to manage this risk and ensure that there is adequate liquidity to meet the needs of investors in ordinary circumstances.

Market risk - Changes in legal, tax and economic conditions, social and/or political events, investor sentiment and market variables such as interest rates and exchange rates can all influence (negatively or positively) the value of the Fund's investments.

Operational risk - The Fund's day-to-day operations may be adversely affected by circumstances beyond the reasonable control of the Responsible Entity, such as failure of technology or infrastructure, or natural disasters.

Regulatory risk - The risk that a change in government policies (including taxation), laws and regulations may adversely affect the value of an investment in the Fund or its underlying assets.

Service provider risk - The risk that third party service providers engaged by the Responsible Entity to provide certain services to the Fund including for example clearing, administration, custody and valuation services, do not properly perform their

obligations and duties and cause harm to the Fund.

Settlement risk – The risk is the possibility that one or more parties will fail to deliver on the terms of a contract at the agreed-upon time. Failed or delayed settlements can occur due to a counterparty default or caused by timing differences between parties.

Withdrawal risk – If a situation occurs where the assets that the Fund invests in are no longer able to be readily bought and sold, or market events reduce the liquidity of a security or asset class, there is a risk that we may not meet the generally applicable timeframe for withdrawal requests, we may suspend withdrawals or may deem the Fund illiquid. This is because it may take longer for the Fund to sell these types of investments at an acceptable price. In this case, withdrawals from the Fund may take significantly longer.

5 HOW WE INVEST YOUR MONEY

You should consider the likely investment return, risk and your investment time frame when choosing to invest in the Fund.

Munro Concentrated Global Growth Fund – Class A units

Investment objective	The investment return objective of the Fund is to maximise long-term capital appreciation primarily through exposure to a concentrated portfolio of growth oriented equities issued by companies located anywhere in the world, except Australia. The Fund aims to achieve a return greater than the MSCI world (Ex-Australia) Total Return Net Index in AUD over a 5 to 7 year period.		
	The Fund is not intended to replicate the index.		
Minimum investment time frame	At least 5 years.		
	Please note this is a guide only, not a recommendation.		
Benchmark	Performance is referenced to the MSCI World (Ex-Australia) Total Return Net Index in AUD.		
Description	The Fund is designed for investors who want a long-term exposure to a portfolio of high quality global growth equities with the potential for capital gains. The Fund may suit investors who are prepared to accept the risks of the Fund set out in Section 4 Risks of managed investment schemes .		
	The Fund invests in a concentrated portfolio of 20–40 investments from around the world, excluding Australia. The Fund focuses on identifying and investing in global companies that have the potential to grow at a faster rate and a more sustainable basis than the overall market.		
	The base currency of the Fund is AUD. No management of the foreign currency exposure relative to the AUD is undertaken for the Fund.		
Asset classes and asset allocation ranges		Minimum [†]	Maximum [†]
	Cash*	0%	10%
	Global Equities [‡]	90%	100%
	Very High		
Risk level	Compared to an investment in funds that have invested in assets such as fixed interest or cash there is a relatively high risk of the value of your investment going down in any year. See Section 4 Risks of managed investment schemes for further information on the risks of an investment in the Fund.		
Fund performance	Please see gsfm.com.au for information about the Fund's performance, including performance history.		
	Due to the historical nature of performance information and the volatility of returns, past returns are not a reliable indicator of future returns.		
Changes to Fund details	We reserve the right to close or terminate the Fund and to change the Fund's investment return objective, benchmark, asset allocation ranges and currency strategy, without prior notice in some instances. We will inform you of any material changes to the Fund's details in the next regular Fund communication or as otherwise required by law. Information in this PDS that is not materially adverse to investors may be updated by us and will be available on our website gsfm.com.au . You can request a paper copy of any updates by contacting Client Services.		

* Including cash equivalent securities.

[†] The investment guidelines provide an indication of the intended holdings in the Fund and may be higher or lower from time to time.

[‡] Including Exchange Traded Funds (ETFs).

You should read the important information about **How we invest your money** before making a decision. Go to Section 5 **How we invest your money** of the Additional Information Guide. The material relating to How we invest your money may change between the time you read this Statement and the day when you acquire the product.

6 FEES AND COSTS

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

To find out more

If you would like to find out more or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The managed funds fee calculator can also be used to calculate the effect of fees and costs on account balances.

WARNING: You should read all the information about fees and costs because it is important to understand their impact on your investment.

If you are investing in the Fund via an IDPS operator, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment.

WARNING: If you consult a financial adviser you may also pay an additional fee that will be set out in the Statement of Advice between you and the financial adviser.

WARNING: New Zealand investors should seek their own advice on the New Zealand taxation law implications of their investment.

This section shows fees and other costs that you may be charged. These fees and costs can be paid directly from your account or deducted from your investment returns. Taxes are explained set out in Section 7 **How managed investment schemes are taxed** of the Additional Information Guide. You should read all of the information about fees and other costs because it is important to understand their impact on your Investment. The information in the Fees and Costs summary can be used to compare costs between different simple managed investment schemes. See Section 6 **Fees and Costs** of the Additional Information Guide for further information.

Fees and costs summary

Munro Concentrated Global Growth Fund - Class A units

Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs[†]		
Management fees and costs The fees and costs for managing your investment ^{††}	Estimated to be 0.70% p.a. of the NAV of the Fund, comprised of: 1. A management fee of 0.70% p.a. of the NAV of the Fund [*] ; plus 2. Estimated indirect costs of 0.00% p.a. of the NAV of the Fund; plus 3. Estimated abnormal costs of 0.00% p.a. of the NAV of the Fund.	1. The management fee is calculated and accrued daily in the NAV per unit and paid monthly in arrears. This fee is payable on the last business day of each calendar month. The amount of this fee can be negotiated. 2. Indirect costs are paid out of the Fund's assets as and when incurred. Indirect costs are reflected in the NAV per unit and are not charged separately to an investor. 3. Abnormal costs are paid out of the Fund's assets as and when incurred.
Performance fees Amounts deducted from your investment in relation to the performance of the product	Estimated to be 0.58% p.a. of the NAV of the Fund[‡]	The Performance Fee is calculated as 10% of the Excess Return per Class A Unit for the relevant Calculation Period multiplied by the number of Class A units on issue at the end of that Calculation Period less the Equalisation Reserve) (Accrued Performance Fee) plus any Crystallised Performance Fee. The estimated Performance Fee is only payable if the Accrued Performance Fee exceeds both the High Water Mark and the Performance Hurdle and is subject to a Performance Fee Limit. The Performance Fee is calculated each business day and accrued daily in the unit price and paid to the Responsible Entity within 30 days of the end of the Calculation Period in arrears from the assets of the Fund. [‡]
Transaction costs[†] The costs incurred by the scheme when buying or selling assets	Estimated transaction costs of 0.05% p.a. of the NAV of the Fund^{†^}	Transaction costs generally arise when the value of the assets of the Fund are affected by the day-to-day trading of the Fund and are paid out of the assets of the Fund as and when incurred.
Member activity related fees and costs (fees for services or when your money moves in or out of the scheme)[†]		
Establishment fee The fee to open your investment	Nil	Not applicable
Contribution fee The fee on each amount contributed to your investment	Nil	Not applicable
Buy/sell spread[†] An amount deducted from your investment representing costs incurred in transactions by the scheme	0.15% of the NAV per unit when there is an application for or a withdrawal of units in the Fund[§]	Buy/sell spreads apply to the Fund. As at the date of this PDS, a buy spread of 0.15% is charged on each application and a sell spread of 0.15% is charged on each withdrawal. The buy/sell spread is reflected in the buy price and sell price respectively for units in the Fund and is not separately charged to the investor.
Withdrawal fee The fee on each amount you take out of your investment	Nil	Not applicable
Exit fee The fee to close your investment	Nil	Not applicable
Switching fee The fee for changing investment options	Nil	Not applicable

- * This fee can be negotiated if you are a wholesale client under the Corporations Act. Please refer to **Differential fees** in Section 6 **Fees and costs** of the Additional Information Guide.
- † All estimates of fees and costs in this section are based on information available as at the date of this PDS. All fees reflect the Responsible Entity's reasonable estimates of the typical fees for the current financial year (adjusted to reflect a 12-month period). Please refer to Section 6 **Fees and costs** of the Additional Information Guide.
- ‡ The performance fee reflects the Responsible Entity's reasonable estimate at the date of this PDS of the performance fee that will apply for the current financial year and has been calculated as the 5-year average Performance Fee for the Fund. Past performance is not a reliable indicator of future performance. The performance fee is only payable if the Accrued Performance Fee exceeds both the High Watermark and the Performance Hurdle and is subject to a Performance Fee Limit for the relevant Calculation Period. A performance fee is not always payable. The actual performance fee payable (if any) will depend on the performance of the Fund over the relevant period. Please refer to Section 6 **Fees and costs** of the Additional Information Guide for a dollar worked example and for further information about the Calculation Period, Excess Return per Class A unit, Crystallised Performance Fee, Equalisation Reserve, Performance Hurdle, High Watermark and Performance Fee Limit.
- ^ The transaction costs disclosed in this section are shown net of any recovery received by the Fund from the buy/sell spread charged to transacting unit holders. Please refer to Section 6 **Fees and costs** of the Additional Information Guide, for further details.
- § In estimating the buy/sell spread, the Responsible Entity has assumed that the applications or withdrawals are made during normal market conditions, as in times of stressed or dislocated market conditions (which are not possible for the Responsible Entity to predict) the buy/sell spread may increase significantly and it is not possible to reasonably estimate the buy/sell spread that may be applied in such situations. The Responsible Entity may vary the buy/sell spreads from time to time, including increasing these costs without notice when it is necessary to protect the interests of existing investors and if permitted by law. The updated information will be disclosed on our website. Please refer to Section 6 **Fees and costs** of the Additional Information Guide for further details.

All fees and costs disclosed in this PDS and in the Additional Information Guide are shown inclusive of any applicable Goods and Services Tax (GST) less any entitlement to a reduced input tax credit (RITC) available to the Fund, unless stated otherwise.

Example of annual fees and costs

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a one-year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example: Munro Concentrated Global Growth Fund – Class A units		Balance of \$50,000 with a contribution of \$5,000 during year*
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
PLUS Management fees and costs ^{†‡§}	0.70% p.a. of NAV of the Fund	And , for every \$50,000 you have in the Fund, you will be charged or have deducted from your investment \$350 each year
PLUS Performance fees [‡]	0.58% p.a. of NAV of the Fund	And , you will be charged or have deducted from your investment \$290 in performance fees each year
PLUS Transaction costs ^{†^}	0.05% p.a. of the NAV of the Fund	And , you will be charged or have deducted from your investment \$25 in transaction costs
EQUALS Cost of the Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$665^{†‡^}
		What it costs you will depend on the fees you negotiate.

- * The additional management fees and costs will be on a pro-rata basis and will vary depending on when you have made the additional investment during the year. This example is prescribed by the Corporations Act, and the example assumes that the \$50,000 is invested for the entire year and that the \$5,000 contribution occurs on the last day of the year, so that the management fees and costs are calculated using the \$50,000 balance only. This example also assumes that the value of your investment remains the same during the year. Please note that this is just an example. In practice, an investor's actual investment amount will vary daily and the actual fees and costs we charge are based on the value of the Fund which also fluctuates daily.
- † Additional fees and costs may apply. A buy/sell spread may also apply to investments into and withdrawals from the Fund, which is not taken into account in this example. Please refer to Section 6 **Fees and costs** of the Additional Information Guide, for further details.
- ‡ All estimates of fees and costs in this section are based on information available as at the date of this PDS. All fees reflect the Responsible Entity's reasonable estimates of the typical fees for the current financial year. Please refer Section 6 **Fees and costs** of the Additional Information Guide for more information on fees and costs that may be payable.
- ^ All fees and costs are inclusive of GST and any applicable stamp duty, less any applicable input tax credits and reduced input tax credits and are shown without any other adjustment in relation to any tax deduction available to the Responsible Entity.
- § The amount of the management fee may be negotiated if you are a wholesale client pursuant to the Corporations Act. For further information refer to **Differential fees** in Section 6 **Fees and costs** of the Additional Information Guide.
- # The estimate has been calculated based on the 5-year average Performance Fee for the Fund. The performance fee is only payable if the Accrued Performance Fee exceeds both the High Watermark and the Hurdle Rate. Past performance is not a reliable indicator of future performance. A performance fee is not always payable. The actual performance fee payable (if any) will depend on the performance of the Fund over the relevant period. Please refer to Section 6 **Fees and costs** of the Additional Information Guide for a dollar worked example and for further information about the Calculation Period, Excess Return per Class A Unit, Crystallised Performance Fee, Equalisation Reserve, Performance Hurdle, High Watermark and Performance Fee Limit.

Estimated and/or historical fees and costs may not be an accurate indicator of the fees and costs you may pay in the future.

Additional explanation of fees and costs

We may elect to change the fees and costs outlined in this section (e.g. due to changes in economic conditions and size of the Fund) without investor consent. We will provide you at least 30 days' written notice of any proposed increase in these or other fees.

You should read the important information about **Fees and costs** before making a decision. Go to Section 6 **Fees and costs** of the Additional Information Guide. The material relating to Fees and costs may change between the time when you read this Statement and the day when you acquire the product.

7 HOW MANAGED INVESTMENT SCHEMES ARE TAXED

WARNING: Investing in managed funds is likely to have tax consequences. Before investing in the Fund, you are strongly advised to seek professional tax advice that takes account of your particular circumstances.

Managed funds generally distribute all of their income each year so that the fund is not subject to tax. Managed funds do not pay the tax liability on behalf of Australian resident investors. As an investor, you will be assessed for tax on your share of the income and capital gains generated by the Fund. In normal circumstances, you should allow for some income and/or capital gains to be generated each year.

You should read the important information about **How managed investment schemes are taxed** before making a decision. Go to Section 7 **How managed investment schemes are taxed** of the Additional Information Guide. The material relating to How managed investment schemes are taxed may change between the time you read this Statement and the day when you acquire the product.

8 HOW TO APPLY

1. You should read this PDS together with the Additional Information Guide before making any investment decision.
2. If you are a direct investor, complete all sections of the Application Form available from gsfm.com.au or by contacting Client Services. Information on how to complete the Application Form, as well as payment details and methods, is available with the Application Form. If you are an indirect investor, you must complete the documentation your IDPS operator requires.
3. As part of the application process we are required by law to verify your identity before accepting your application. Please refer to the Anti-Money Laundering and Counter-Terrorism Act information included with your Application Form.
4. To comply with the Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standard (CRS) requirements, we will collect additional information from you and will disclose such information to the Australian Taxation Office. This information may be shared with revenue authorities in other jurisdictions under the various exchange of information agreements that Australia has entered into with other jurisdictions. For more information on FATCA and CRS refer to **How managed investment schemes are taxed** in the Additional Information Guide.
5. Return your completed and signed Application Form and the other required documents via mail or email to Client Services.

You may pay by direct debit, BPAY® or electronic funds transfer (EFT).

If you are paying by direct debit, we require you to complete and sign the Direct Debit section of the Application Form. This provides us with the authority to debit your account. Please ensure you have read the terms of the **Direct Debit Service Agreement** in Section 9 of the Additional Information Guide. It may take up to three business days for your application monies to clear from the date we issue a direct debit request to your bank. We will not issue units until your application monies have cleared. Direct debit requests can only be made from an Australian Bank Account.

If paying by BPAY® please remit your application amount quoting your Customer Reference Number (CRN) and the BPAY® biller code for the Fund. Your CRN will be issued to you as part of the online application process, or you can obtain your CRN and the Fund biller code by contacting Client Services.

If paying by EFT please deposit into the bank account specified on the Application Form.

We are not bound to accept an application and accept no responsibility for applications that have been sent to an incorrect address. You are responsible for ensuring that you use the correct contact details and accept that if you use incorrect address details your application may be delayed or not processed.

* Registered to BPAY Pty Ltd ABN 69 079 137 518.

Cooling-off period

If you are a retail client (as defined in the Corporations Act) you have a 14-day 'cooling-off period' commencing on the earlier of the end of the fifth day after we issue the units to you or within 14 days from the date you receive confirmation of your transaction. If, during the 'cooling-off period', you decide that the investment does not meet your needs, then you should immediately notify us. If you exercise your cooling-off rights, we will return your money to you and no fees will apply. The amount you receive will reflect any market movement up or down which means there may be taxation implications for you. We will also deduct any tax or duty incurred and a reasonable amount for transaction and administration costs. As a result, the amount returned to you may be less than your original investment.

The cooling-off period does not apply if you invest in the Fund indirectly via a wrap account or master trust. You should seek advice from your financial adviser or IDPS operator about the cooling-off rights (if any) that might apply to your investment in your IDPS.

Complaints resolution

We have procedures in place to handle any enquiries or complaints from you as quickly and smoothly as possible. If you have a complaint or enquiry, please contact Client Services on 1300 133 451 or email registry@apexgroup.com.

We will acknowledge your complaint within one business day of receipt of the complaint and will address your complaint within 30 days of receipt. If we are unable to address your complaint in this time we will inform you of the reasons for the delay. If we do not address your complaint within 30 days of receipt and an extension of time has not been agreed or you are not satisfied with our response, you may refer it to the Australian Financial Complaints Authority (AFCA) of which we are a member. AFCA is the external dispute resolution scheme for complaints involving financial services and products.

Contact details for AFCA are as follows:

Address: GPO Box 3 Melbourne VIC 3001
Telephone: 1800 931 678
Website: afca.org.au
Email: info@afca.org.au

9 OTHER INFORMATION

Additional disclosure information

The Fund has certain regular reporting and continuous disclosure obligations pursuant to the Corporations Act. All continuous disclosure notices are available on our website at gsfm.com.au.

Copies of the following documents are available from Client Services upon request:

- the Fund's most recently lodged Annual Report;
- any Half Year Report lodged with ASIC after the lodgement of the latest Annual Report and before the date of this PDS;
- any continuous disclosure notices given by the Fund after lodgement of the latest Annual Report and before the date of this PDS; and
- our Unit Pricing Policy.

Copies of documents lodged with ASIC may be obtained from, or inspected at, an ASIC office.

Related party transactions and conflicts of interest

We may appoint any of our related entities to provide services or perform functions in relation to the Fund. Any such services will be provided on terms that would be reasonable if the parties were dealing at arm's length. GSFM Pty Limited (**GSFM**) (ABN 14 125 715 004) is the distributor of the Fund. GSFM is a related party of GRES and its appointment was made on an arm's length basis and for reasonable remuneration.

The Investment Manager of the Fund, Munro Partners, is a related party of GRES. GRES pays reasonable remuneration to Munro on arm's length commercial terms.

In the course of managing the Fund we may face conflicts in respect of our duties in relation to the Fund, related funds and our own interests. GRES and Munro have established internal policies and procedures to ensure that any conflicts of interest arising in relation to the Fund are adequately identified and appropriately managed. Any conflicts of interests that may arise will be dealt with fairly and reasonably and in accordance with the law, ASIC policy and GRES' and Munro's conflicts of interest policies.
